

## PHILIP J. CURRIE DINOSAUR MUSEUM

Dear Community Supporter,

We are thrilled to share that the Philip J. Currie Dinosaur Museum will be hosting Palaeo Palooza on **August 9th and 10th, 2025!**

Palaeo Palooza is one of our most exciting annual events. It is a family-friendly science festival that brings together community members of all ages to celebrate education, discovery, and the wonders of palaeontology. With engaging speakers, interactive exhibits, hands-on science activities, community booths, and carnival-style fun, it's an event that inspires curiosity and learning in a fun, welcoming environment.

At the Philip J. Currie Dinosaur Museum, we are deeply committed to public education and research. Our programs, ranging from Dino Summer Camps to Virtual Speaker Series and guided field tours, aim to make science accessible and engaging for everyone. Our work has even been recognized internationally, including a feature in the upcoming **BBC's Walking with Dinosaurs (2025)**.

Events like Palaeo Palooza are only possible thanks to the incredible support of our staff, volunteers, and generous sponsors. Attendance continues to grow year after year, last year we had over 500 participants, and we're excited to make this year our biggest celebration yet.

We would be sincerely grateful if you would consider supporting this event as a sponsor. Your involvement will help bring this community celebration to life and directly fund the museum's education programs, which include school outreach, youth camps, workshops, and public learning opportunities throughout the year. In return, we offer visibility through event signage, social media promotion, and brand presence during the festival. **Sponsorship packages can also be customized to meet your goals and level of involvement.**

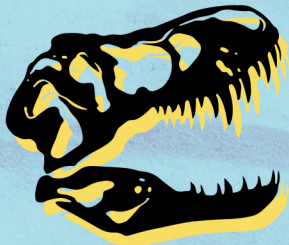

If you're interested or have any questions, I'd love the chance to connect and discuss how we can work together. Thank you for considering this opportunity to support science education and community engagement in the Grande Prairie region.

Warm regards,

Annie Pacis
